MLSP tenants Scope and Dedaub to expand operations

Prime Minister Robert Abela, Minister for the Economy Silvio Schembri and Malta Enterprise Chairman William Wait visited the offices of local companies Scope Solutions Malta and Dedaub, which are based in the Malta Life Sciences Park in San Ġwann. During the visit they emphasized the importance

of supporting companies throughout their journey.

The two Maltese companies, established as start-ups in the financial services and blockchain sectors, will expand their operation and further their operations internationally. The Prime Minister Abela said that Malta will continue to provide incentives that are having results leading to the creation of innovative start-ups that offer quality careers.

Malta Enterprise to mark 20 year Anniversary with Laudete Dominum

As Malta Enterprise marks its 20th anniversary, we reflect on two decades of driving economic development and attracting foreign direct investment to our shores. In this special year, our commitment extends beyond business growth. In this special year Malta Enterprise has put together yet another meaningful event in aid of the Children in need Foundation, a charitable organisation which serves to support the educational, physical, social, and mental needs of vulnerable children.

The concert being organised as part of Malta Enterprise's annual CSR commitment, promises a wonderful rendition of hope and prayer through music at the awe-inspiring surroundings of St John Co-Cathedral dedicated to raise funds to the children in need. This production promises to be a blend of social, spiritual, and musical oneness, and all for a very good cause.

Laudete Dominum will be organised on Friday 4th October at 7.30pm at St John's Co-Cathedral. Tickets may be purchased through **Laudete Dominum - Teatru Manoel**

Start Up Festival & Techxpo this 17-19th October – REGISTER NOW!

Malta Enterprise will host the 4th edition of the Start Up Festival 2024 on October 17th and 18th! This year's festival will join forces with TechXpo Malta that will run until Saturday 19th. This new addition will offer cutting-edge technology experiences and an industrial innovation showcase in a dedicated area.

The Start-Up Festival aims to unite a diverse range of innovative start-ups that have chosen Malta as their hub, providing them with a unique platform for networking,

showcasing their offerings, and gaining invaluable insights from industry leaders and mentors. In addition to panel discussions and workshops, the Start Up Festival promises an interactive showcase for start-ups to exhibit their products and services. Networking stands out as a key highlight of the Start Up Festival, offering attendees the opportunity to connect with other entrepreneurs, investors, and industry experts. During this event, start-ups will pitch their ideas before a panel of investors, relying solely on their verbal skills and presence without the use of visual aids.
