

## Machinery and Equipment to be Decommissioned

In the table below, list the machinery and equipment that the applicant is currently using, which will be replaced and decommissioned following the installation of the new investments.  
(If the space for cost items below does not suffice, you may submit multiple copies of this page, separately)

**Description and details of current usage  
of the items to be decommissioned**

	Make	Model	Serial Number	Estimated Usable life	Year of Manufacture
<b>DRAFT</b>					

I, the undersigned, hereby confirm that information about the estimated remaining useable life of the machinery and equipment to be decommissioned is correct.
